

Quacker Application:

Landing Page (Sign Up/Log In page):

## Quacker-PR

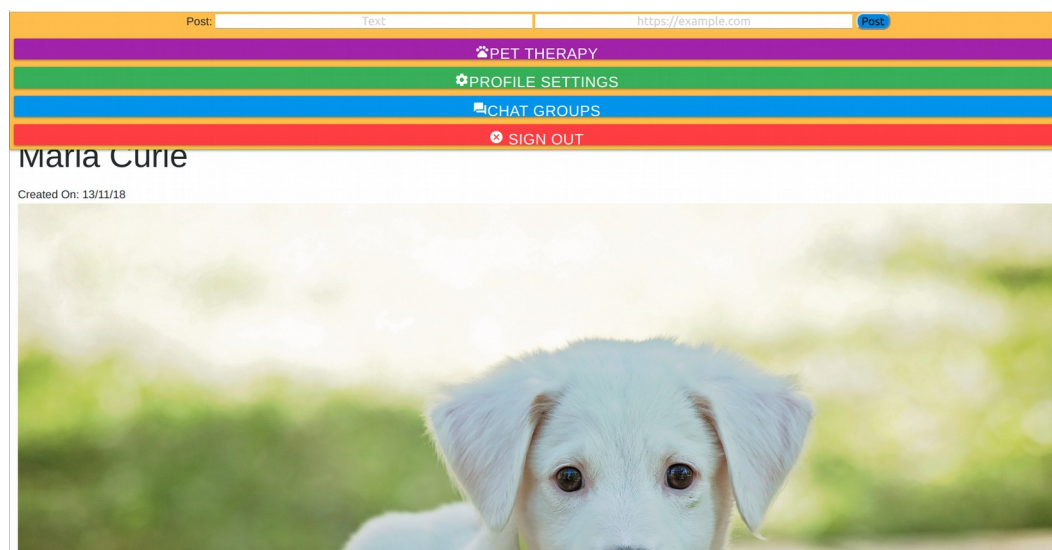

The image displays three distinct wireframe panels for the Quacker-PR application's landing page, all set against an orange background.

- Login Panel:** Features the title "login" in a large, bold font. Below it are labels for "Username:" and "Password:", each followed by a white input field. A blue "LOG IN" button is positioned at the bottom.
- Sign Up Panel:** Features the title "Sign Up" in a large, bold font. It includes labels for "Username:", "Password:", "Email:", and "Phone Number:", each followed by a white input field. A blue "SIGN UP" button is located at the bottom.
- Category Preferences Panel:** Includes labels for "First Name:" and "Last Name:", each followed by a white input field. Below these is a "Category Preferences:" label, followed by a vertical list of pet icons with labels: "Dog", "Cat", "Horse", "Bunny", and "Dolphins". A blue "SIGN UP" button is at the bottom.

The landing page will let the users log into their account by using their username and password or sign up by giving their preferred username, a password, email, phone number, first name, last name and their pet preferences. After Log in/Sign Up it will go straight to news feed.

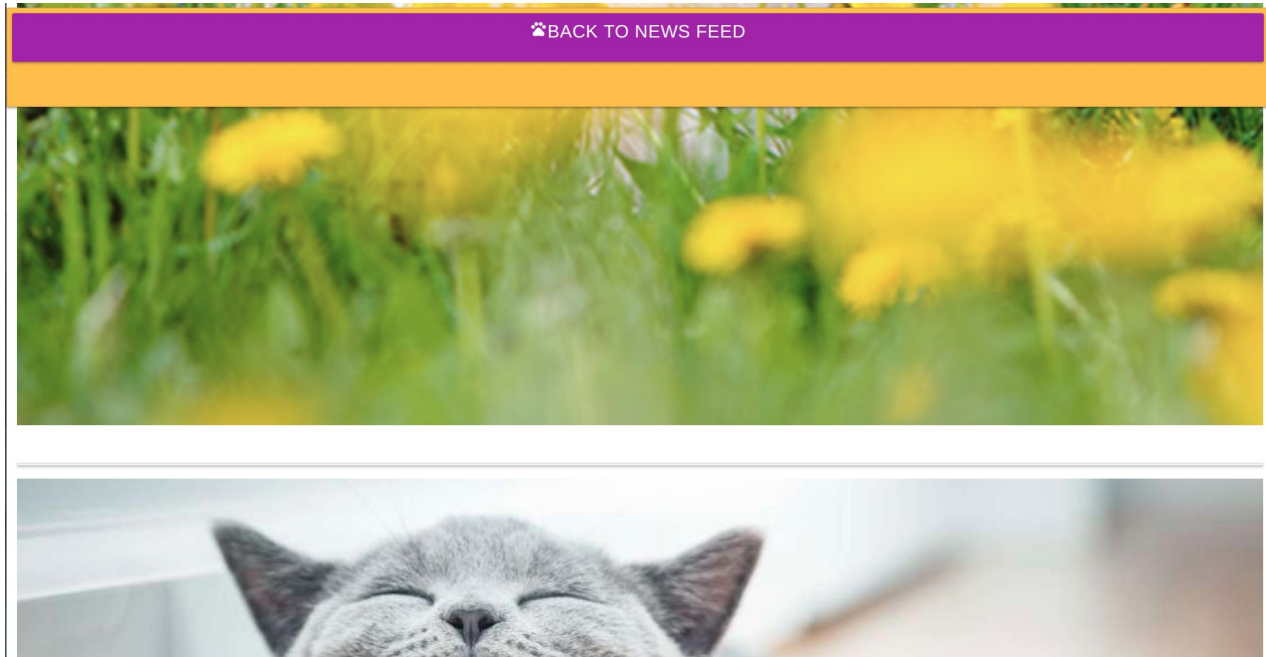

Note: Sign up will send an email, if email not valid or user hasn't confirm their account, the app will prompt them each time they sign in to fix this. If the username exists the database will notify the same.

Newsfeed:

In the news feed the user is able to post what they want and a picture with it, a video or picture is always required as it is the policy of the application and all media must be related to pets and non-lewd. An algorithm will supervise the posts to make sure the application is family friendly. Besides posting the application let's you navigate to: Pet Therapy, Settings, Chat Groups and log out.

### Pet Therapy:

The pet therapy will work similar to the news feed, but it will only be composed of videos and images of the pets that were selected in the preferences, to go back just press the news feed button. To change the preferences go to settings in the news feed.

### Settings:
